- **Role:** Front-end and Back-end Developer, Project Manager, Styling
- **Technologies:** HTML | CSS | Bootstrap | JavaScript | MongoDB | Mongoose | Express.js | React.js | Node.js | Trefle API | Passport

WORK EXPERIENCE

School of Rock Instructor, Port Jefferson Station, NY   September 2018 – December 2020
Piano Instructor
- Taught individual lessons, curtailing each student experience to relative skill levels and learning preferences

● Provided students with extensive Music Theory knowledge and performance skills to prepare them for both tribute shows and professional careers in music

● Transcribed wide catalogue of work to present students with neatly written sheet music for the purpose of practicing their music and improving their own playing/reading skills

● Coordinated and directed tribute show in which students rehearse to play publicly at a venue so that they may obtain real firsthand experience of performing in front of a live audience

Coral Restaurant and Tapas Bar Service/Expo, East Moriches, NY   July 2017 – July 2018
Food runner/Kitchen exposition
● Served customers food and drink in a pleasant and timely manner

● Kitchen exposition, plate decoration and preparation to guarantee dishes that were aesthetically appealing and even more delicious

● Extreme focus on customer service as well as overall client experience to ensure a holistically ideal restaurant atmosphere

La Bistro Delivery, Cora*m, NY*   *May 2016 – August 2016*
Delivery Driver
● Performed various duties such as food prep, stocking, and store clean-up to maintain an efficient and health-code abiding kitchen

● Transported resources and machines between multiple store locations in order to guarantee a smooth and efficient restaurant workflow, in the event of equipment failures or shortages

Jildor Shoes, Southampton, NY   **May 2015 – August 2015**
Salesman
● Floor salesman for Men's Shoe section of store, remaining on call and present throughout a customer's search for products

● Kept inventory on footwear/accessory stock to keep shelves populated with products for purchase, as well as remaining accessible for fellow employees and staff

● Organized items by brand, size, condition for the goal of demonstrating a clear and professional sales floor

● Dedication to properly fitting customers and assisted in style selection with the intent of serving a client exactly what they desired

EDUCATION

Columbia University, School of Engineering   **March 2021**
Full Stack Flex Web Development Program - Full Time
Certificate of Completion
A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, jQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handlebars.js & React.js.
